There should be spent in repairs on the macadamized roads the coming year at least \$2,500. The immense travel on some of our thoroughfares and particularly that of Broad street necessitates giving them careful attention every year. This has not been done on much of it and to continue it longer would be the poorest kind of economy.

It is estimated that there are between 50 and 60 miles of streets and avenues in our township, say 50 police or constables, as volunteer firemen miles or 260,000 lineal feet. At the present rate of expenditure,
